Key Experiences

Freelance Designer

2021-present / Sydney, Australia

Graphic Design / UI/UX Design

I create visually compelling marketing materials and intuitive user interfaces by applying user-centered design principles. This includes developing brand assets, website designs, and digital experiences, ensuring usability and visual consistency across platforms using tools like Adobe Creative Suite and Figma.

Barista and In house designer

Aug 2024-present / Sydney, Australia

Gardenique @ the rocks

I balance crafting quality coffee beverages with creating visually appealing marketing materials, including menus, promotional graphics, and website updates. I ensure brand consistency while working directly with the team to enhance customer engagement through both design and service.

Design assistant / coordinator

Jan - Jul 2024 / Sydney, Australia

Global fashion house

Employed organisational skills to assist designers by managing files in Excel, translating fitting notes, creating brand storyboards, and utilising the Indigo 8 system for order processing, ultimately streamlining the design process for greater efficiency

Retail Assistant

2016-2018 / Taiwan

G2000 men’s and women’s work wear.

I provide exceptional customer service, assist with product inquiries, and help maintain an organised store environment. My role involves actively engaging with customers to enhance their shopping experience and drive sales through effective communication and product knowledge.
